

Greetings from Coca-Cola Beverages Sri Lanka!

The Coca-Cola Bottling Investments Group (BIG) is a bottling arm of The Coca-Cola Company (TCCC) operating in Southeast Asia, India, and Southwest Asia markets. BIG is regarded as a world-class bottler and a role model for system alignment, with many years of experience winning in the market and driving innovations in the countries where it operates.

At Coca-Cola Beverages Sri Lanka, we are a subsidiary of the Bottling Investments Group (BIG) of the Coca-Cola Company and is the country's market leader for beverages.

This 2023, we are proud to present our very first Coca-Cola On Campus, an initiative that will connect students with our world-class people leaders from various functions within the organization. Through this forum, students can evaluate and understand Coca-Cola BIG as an employer and what we can offer to help.

Students can start their journey with Coca-Cola Disrupt – a business case competition that provides university students an immersive learning experience about innovation and business strategy. They experience a taste of #LifeAtCoke through our Student Internship Program (SIP), and eventually join our Aspire Future Leaders Program, a two-year management trainee program that focuses on grooming young graduate talents to take on strategic and operational projects as we prepare them to become leaders of tomorrow.

Coca-Cola Beverages Sri Lanka would like to invite students of University of Sri Jayewardenepura to explore and connect with Coca-Cola BIG through our #CokeonCampus event.

The event details are as follows:
